PRACTICALLY COMPLETE

The canvass of the North Saanich district for funds to carry on fire protection work is now almost complete, only a few canvassers having yet to report. There are a number of citizens who are contributing at the first of the month, a number offering other assistance in the way of work, gifts of material, etc.

To all, the fire protection committee extends thanks. It is only through the contributions of citizens of North Saanich that the North Saanich Volunteer Fire Brigade can carry on. There are no paid officials in connection with the fire brigade and there is no financial assistance from the government.

We now have a new fire hall almost complete and a drying tower is under construction. All the work on the fire hall has been donated. The laying of the foundation of the drying tower for hose has been done by gifts of labor.

The actual erection of the timbers for the tower will call for the expenditure of a little money for men capable of overseeing proper construction and yet the committee has been fortunate enough to secure two men that will undertake putting up the timbers for a very small price. It is hoped that once the timbers are in place more help will be available to enclose the structure to keep the rain off the hose when drying.

The committee feels very encouraged with the response of the public of North Saanich. We are building up a fire-fighting organization that the district can be proud of. People are co-operating by becoming fire-conscious, removing fire hazards, seeing that chimneys are properly cleaned, etc. The brigade now has seven large two and one-half gallon fire extinguishers, two on the fire trucks and five distributed with district captains, the latest captain to receive a large extinguisher in the course of a day or two will be Ernie Munro, captain of District No. 5 (Patricia Bay area).

"THE LEGION"

With the Poppy Campaign in the offing under the guidance of the local branch of the Canadian Legion, we believe the following article regarding "The Legion" is well worth printing for the benefit of our readers:

"The Canadian Legion is a great national brotherhood of men and women.

"In war they offered their lives voluntarily in the service of their country. They faced great peril, endured hardships, braved fire and steel, and suffered their bodies to be broken because they would not yield to forces which sought to destroy their ideals of national honor and individual liberty. They triumphed because their spirit was unconquerable.

"In peace they banded themselves together in comradeship to preserve those ideals for which they had fought.

"They labored to carry out the trust bequeathed to them by their comrades who, for 20 years, have been sleeping their last, long sleep in alien lands.

"They have by their efforts secured just recognition of the rights of their disabled comrades, of the widows, the orphans and the dependents of those who gave their lives.

"They have sought justice for those whose manhood has been wrecked by the exposures, the sufferings and the devastation of war.

"They seek justice for men who ask for nothing beyond the opportunity to work, and to maintain themselves as free and self-respecting citizens of Canada.

"They are imbued with a love of Canada, and of the British Empire. They are committed to the preservation of Democracy, to the strengthening and expansion of the free institutions of Canada.

"They are dedicated in peace to the service of their fellowmen, and to promote the welfare of this Dominion.

"They are antagonistic to wars of aggression, and they seek the advancement of harmony and understanding among the nations.

"Of such men and women is 'The Canadian Legion.'"

ANGORA WOOL

Monday evening at the Sidney School almost 100 interested persons attended the meeting in connection with the proposed local "Angora Wool Industry." A. W. Hollands acted as chairman and demonstrations and talks were given by parties from outside points. The salient points set forth were that nothing but the best of stock should be secured for a proper foundation to build up an industry worth while, that all interested should now get together and form some sort of organization to carry on, and that a lot of valuable information is available.

The gathering consisted of citizens from practically all parts of North Saanich and the interest taken in the proceedings and demonstrations seemed to indicate that a local organization could be formed for the mutual benefit of all interested. Might we suggest that a committee be organized to further look into the proposition, that this committee endeavor to contact others interested who were unable to be present at the Monday night meeting.

HENRY RIVE ADDRESSES CATTLE CLUB

Speaks On The Position Of The Cattle Breeding Industry

Saanich Jersey Cattle Club held its October meeting at George Macdonald's home on Vining Street, when Henry Rive the Dairy Commissioner, addressed it on the position of the cattle breeding industry.

He expressed the opinion that expenditure by governments is not producing results expected, the raising of the average butter fat production.

He deplored the facts that some good bulls have been sent out of this country to improve herds abroad, and that it is still permissible for a dairyman to use as a herd sire a bull out of his herd. (Continued on Page Four.)

MAN DROPS DEAD WHILE HUNTING

Walter J. Laver, Well Known Victorian, Dies Saturday Morning

While hunting near Patricia Bay in the vicinity of Mills Road, according to Provincial Police, Mr. Laver, a resident of Victoria, for the past 32 years, in company with Roy Heaton, also of Victoria, suffered heart attack that proved fatal. Although Dr. H. G. Burden of Rest Haven was immediately called to the scene, life was extinct upon arrival.

Mr. Laver had been employed by David Spencer Ltd. since 1918, and was head window trimmer at the time of his death.

The remains were laid to rest at Royal Oak Burial Park on Tuesday, Hayward's B.C. Funeral Chapel conducting the burial.

COUNTRY FAIR COMING TO SIDNEY

St. Andrew's Woman's Guild To Entertain On November 17th

There will be many stalls and attractive corners to investigate, dance to watch, shops to visit and tea to be drunk at the "Village Fair" on Nov. 17th. This country event is to be put on by the St. Andrew's Woman's Guild at St. George's Hall. You are asked to keep the date open and watch the Coming Events column for further particulars.

Ingathering Campaign Is Very Successful

Members of the Rest Haven Sanitarium family desire to thank their many friends who have so kindly contributed to the 1937 Ingathering Campaign. Generous response has been given to solicitation by visiting nurses and others, by friends in Sidney and adjacent territory, including also nearby Gulf Islands. A number of donations have been received in letters from friends living in other sections of British Columbia, the prairie provinces and the State of Washington. Over \$400.00 has been received so far, which amount, it is hoped will be increased to \$500.00 before the close of the annual campaign for 1937.

At the close of 1932 there were 112 sanitariums, hospitals, dispensaries and leper stations. At the end of 1936 this number had increased to 136. The organization is now working in 363 countries and 578 languages and dialects.

Dr. E. F. Coulston, who began his medical work in North China by giving surgical care to some poor street boys in Kalgan, has been called to his final rest. It was after three years of loving service for His Master that the doctor while ill with a temperature of 103 degrees and resting in his home was called to minister immediate aid to an elderly lady. He felt impressed to respond and applied artificial respiration to the patient for several hours. His strength was overtaxed and he became so weak that with all the care and skill administered to him he failed to recover. After Dr. Coulston had been buried the missionaries of various denominations, engaged in work in different parts of the field, gathered around the grave, joined hands and rededicated their lives to the completion of the work for which Dr. Coulston had laid down his life.

One hundred and eleven young men and ladies recently completed four years study at our medical college—the largest class in its history. Several of these young doctors are from Canada. The number of nurses who graduate each year is about 300. The one object of these young people in training is to be a blessing to humanity.

Recently an interesting letter was received by the superintendent of the Lake Titicaca Mission, Peru, from a member of a scientific expedition from the University of Cambridge, England. The closing paragraph reads as follows:

"We know well that your mission is one belonging to the Seventh-day Adventists, and we also know what excellent work your mission has been doing in this central part of the Andes. It is a mission which is held in the highest respect, as indeed is your whole body. If it had not been so, I should not have dared to approach you in the way that I have done."

It is understood that arrangements have been made for the mission to furnish guides and helpers.

Elgar Choir Giving Benefit Concert, November 9th

The concert to be given by the Elgar Choir on Tuesday, Nov. 9th, at Stacey's Hall, will be a benefit for one of the original members and organizers of the choir, who has been seriously ill for many weeks. The choir members feel that it will be an opportunity for many people of this district to join with them in showing their esteem in the only practical way possible.

A reference to the program will show that some old favorite numbers have been included among the choir's repertoire.

The assisting artists are all well known to local audiences, and promise an evening of real and worthwhile pleasure to all.

Masonic Ball Will Take Place On Friday, October 29th

Reports received from the committee in charge of the 17th annual ball to be put on by officers and members of Mount Newton Lodge, No. 80, A.F. & A.M., are very promising and those attending are assured of the excellent good time always had on previous occasions.

This is one of the outstanding social events of the year and accordingly arrangements have been made for choice dance music worthy of the event and plans have been made for artistic decorative schemes for the hall.

Catering for this big event will be undertaken by Ruth Chapter, Order of the Eastern Star, which is also one of the outstanding features of this ball.

The event will take place in the Brentwood Badminton Hall, on Friday, October 29th. Dancing will commence at nine in the evening and continue until two in the morning, refreshments being served at midnight.

Tickets may be obtained from members of the lodge.

STRAITH SPEAKS ON ORIENT

Approximately 50 At Opening Meeting Of Men's Supper Group

Between 50 and 60 guests attended the Men's Supper held last Thursday night in Wesley Hall. This being the first meeting of the season it was more or less of an open night and many ladies availed themselves of the privilege of attending, also many newcomers to the district, all of whom enjoyed to the utmost the wonderful Thanksgiving supper provided and the excellent address given by Alderman W. T. Straith, M.L.A., of Victoria.

Mr. Straith spoke of his recent trip to China and his hurried exit owing to the outbreak of hostilities. The opinion that the great majority of the Japanese people are not in sympathy with their leaders in the present trouble between China and Japan, and that the military authorities are making their last stand, was expressed by Mr. Straith. The speaker declared that the Japanese as a whole were a most likeable people, but were being badly misled.

Alderman Straith reviewed the events leading up to the trouble in the Orient, and gave a graphic description of his own experiences in Shanghai during the bombing of the city. There had been much

talk about the Chinese airmen bombing their own city, the speaker said, but the dropping of the missiles, in Shanghai was accidental, due to the fact that the pilot was wounded while circling over the city, causing his hands to relax and release the mechanism controlling the bombs.

The havoc of which modern instruments of warfare were capable was described by the speaker, who told of the killing of 1,050 persons and wounding of many others when two bombs were dropped on the most crowded part of Shanghai, described as the busiest corner in the world.

At the conclusion of his speech Alderman Straith was heartily thanked for coming to Sidney on this occasion.

NEWS NOTES OF GANGES

OVER 20 YEARS AGO

from the Diary of

BERYL WEATHERELL

SEPTEMBER 12, 1917—

Rev. A. Bastin, accompanied by Mrs. Bastin and family, left Salt Spring today for Vancouver Island. He had been vicar here for the last seven years.

Rev. Aitkens, Mrs. Aitkens and family of Shawnigan will arrive on Salt Spring in a day or two and will move into the Vicarage.

SEPTEMBER 22, 1917—

Ganges "town" was full of people today. The annual Agricultural Show was held in Mahon Hall and grounds. The weather and exhibits were very good and so it was well attended. There was a football match and the usual sports were held during the afternoon. The Sunshine Guild supplied the lunch and tea and the Kuper Island Band supplied the music for the day.

"The War Shrine Unveiled"

During the afternoon a great crowd gathered at the Ganges cross roads to see the unveiling of our new war shrine on which are inscribed about 250 names of our local men who have enlisted in the Great War. Colonel Marriott, Rev. Aitken, Rev. Dean and Dr. Medd all spoke a few words. The shrine was unveiled by Colonel Marriott while "God Save the King" was sung. There were many people from the other islands present. Many beautiful flowers were placed at the foot of the shrine.

SOME NOTES FROM THE YEAR 1865

Mr. Matthew Macfie writes: "The loftiest height in the Cascade Range is Mount Baker. It is situated in lat. 48° 44' N. in American territory. It is 10,700 feet high, and towers far above every other object visible from the Gulf. Several times, after dusk, during times, after dusk, during my residence there, in a state of eruption."

RETREAT COVE

Dr. Draeske and friends arrived here from Vancouver in the "Sea Gypsy."

Mr. Wilson of Nanaimo is a visitor at the Cove.

Mr. T. H. Simpson has returned home.

Miss J. Mount has left Dingley Dell where she was visiting Mr. and Mrs. Shopland.

Mr. A. Deneon of North Galiano drove down in his buggy to the south end of the island, a distance of some 17 miles.

Mr. Wilson of the M.V. "Wheelmonth" stopped the night on his way to Vancouver with telephone poles, and has now returned with coal from Nanaimo for South Galiano and elsewhere.

Mr. and Mrs. O. A. Bell, Mrs. Schofield and Miss Mary Schofield spent a "Clean-up" afternoon at Retreat Cove School, oiling the floor, polishing the desks and other odd jobs.

"You can't stop stoking a steam engine" said Wrigley

Interviewed, and asked to what he attributed his phenomenal success, the late Mr. Wrigley, of chewing gum fame, replied, "To the consistent advertising of a good product."

"But," asked the reporter, having captured practically the entire market, why continue to spend vast sums annually on advertising?"

Wrigley's reply was illuminating.

"Once having raised steam in an engine," he stated, "it requires continuous stoking to keep it up. Advertising stokes up business and keeps it running on a full head of steam."

This applies to your business, too. Don't make a secret of your product. Tell people all about it. Tell them what it does. Tell them its advantages. Tell them where to get it. Tell them through the Press and keep on telling them.
